No, this is the draft version for any edits you may have. I'll send out the final once we incorporate all edits...

Hi all. Word is that the Notice of Intent to Delete VB/I-70 OU1 from the NPL could appear in the Federal Register this week. This would kick off a 30-day comment period. Attached please find a draft press release and public notice. The release will go out to local media and the notice will appear in the Denver Post. Please send any comments that you may have by tomorrow COB, if possible.

I'll let you all know when the NOID is published in the Fed. Reg. Planned outreach will include:

Placing the public notice in the Denver Post

Issuing the Press Release to local media

Emailing our stakeholder list, including the CAG, that it is out for public comment and how to comment

Updating our websites

Placing a copy of the NOID in the local information repository

Thanks all,

-jc
